Measure to Abolish Zones and Elect Directors at Large

Question 20 words which plainly phrases the chief purpose of the measure.

Should Election of District School Board Directors by Zones be Abolished so Directors are Elected at Large?

Summary 175 words which concisely and impartially summarizes the measure and its major effect.

At the present time Directors of the North Bend School District are elected by seven numbered positions from two zones. Candidates for Zone 1 (Positions 1-3) are required to reside within district boundaries but outside City limits (commonly referred to as North of the McCullough Bridge), while candidates for Zone 2 (positions 4-7) must reside within City limits. Occasionally, the current system results in multiple candidates running for the same position in one zone, while the other zone does not have sufficient candidates to fill all open positions at the filing deadline. This measure would eliminate this current problem.

The purpose of this measure is to abolish zones to allow all seven members of the Board to be elected at large. All seven directors could reside in any geographic location in the district, file for any of the seven positions that may be open for election and be elected by a majority of all votes cast in the district.

Explanatory Statement 500 words that impartially explains the measure and its effect.
