**EXHIBIT “C”
STAFF REPORT
FINDINGS OF FACT AND CONCLUSIONS**

I. PROPOSAL AND BACKGROUND/PROPERTY HISTORY INFORMATION:

- A. PROPOSAL:** The applicants propose to site a Single-Family Dwelling through the Deferred Replacement process.
- B. BACKGROUND/PROEPRTY HISTORY:** The property had an existing dwelling built in 1920 that was destroyed by fire on May 7, 2022. On June 30, 1992 a Zoning Clearance Letter (ZCL-92-321) was issued to allow replacement of the existing dwelling with a triple wide mobile home and replace/repair the septic if needed, it does not appear the approval was implemented.

II. BASIC FINDINGS:

- A. LOCATION:** The subject property is located northeast of the City of Myrtle Point off of Sitkum Lane, which is a Coos County Maintained Public Road. The property has a situs address of 18335 Sitkum Lane.
- B. ZONING:** - This property is split zoned Exclusive Farm Use (EFU) and Forest (F).

ARTICLE 4.2 – ZONING PURPOSE AND INTENT

SECTION 4.2.500 RESOURCE ZONES

Exclusive Farm Use (EFU)

These include all inventoried "agricultural lands" not otherwise found to be needed (excepted) for other uses.

The purpose of the EFU district is to preserve the integrity and encourage the conservation of agricultural lands within Coos County and thereby comply with the provisions of ORS 215 and OAR 660. Division 33 to minimize conflicts between agricultural practices and non-farm uses by limiting any development to uses distinguished as dependent upon or accessory to supporting agricultural or forestry production and which qualify such farm lands for special tax relief pursuant to the provisions of Oregon Revised Statutes. This zone is also for the cultivation and marketing of specialty crops, horticultural crops and other intensive farm uses.

According to the Coos County Comprehensive Plan Exclusive Farm Use lands are inventoried as Agricultural Lands. The Main criterion for establishing the “Agricultural Lands Inventory” was land identified on the agricultural lands based on soils, Class I-IV soils or "other lands" suitable for agricultural use, with the following exceptions:

Committed rural residential areas and urban growth areas.

Proposed rural residential areas as per the Exception to Goals #3 and #4.

Proposed industrial/commercial sites.

Existing recreation areas (e.g., golf courses) [Recreation designation]

Isolated parcels of Class I-IV soils in upland areas, which are under, forest cover. (Forestlands designation).

Narrow valley bottomlands where no agricultural activity is occurring anywhere in the vicinity [Forestlands designation].

The secondary criterion for establishing the “Agricultural Lands Inventory” was the use of aerial photos used to identify additional areas without Class I-IV soils in current agricultural use which were not initially identified in the agricultural lands inventory from Assessor's Data. This situation typically occurs on benches, immediately above agricultural valleys, where grazing often takes place on non-class I-IV soils. However, if lands were zoned predominately forest it may have resulted in a Mixed-Use Overlay.

Forest (F): The intent of the Forest District is to include all inventoried "forestlands" not otherwise found to beneeded (excepted) for other uses.

The purpose of the Forest zone is to conserve and protect forest land for forest uses. Some of the areas covered by the “F” zone are exclusive forest lands, while other areas include a combination of mixed farm and forest uses.

C. SPEICAL DEVELOPMENT CONSIDERATIONS AND OVERALYS:

SECTION 4.11.125 Special Development Considerations: The considerations are map overlays that show areas of concern such as hazards or protected sites. Each development consideration may further restrict a use. Development considerations play a very important role in determining where development should be allowed In the Balance of County zoning. The adopted plan maps and overlay maps have to be examined in order to determine how the inventory applies to the specific site

SECTION 4.11.200 Purpose: Overlay zones may be super-imposed over the primary zoning district and will either add further requirements or replace certain requirements of the underlying zoning district. The requirements of an overlay zone are fully described in the text of the overlay zone designations. An overlay zone is applicable to all Balance of County Zoning Districts and any zoning districts located within the Coos Bay Estuary Management Plans when the Estuary Policies directly reference this section.

This property has Archaeological Areas of Interest as a Special Development Consideration and Floodplain as an Overlay Zone. Archaeological Areas of Interest requires Staff to send a request for comments to the local tribes. At this time staff has not received a response to the request for comments, any comments received must be adhered to. The Floodplain Overlay Zone requires staff to review the current Floodplain maps to determine whether proposed development will be sited within the Floodplain. The development proposal for this application is not within the Floodplain.

D. SITE DESCRIPTION AND SURROUNDING USES: The subject property is split zoned Exclusive Farm Use (EFU) and Forest (F) and contains approximately 14.36 acres. The proposed replacement dwelling is located with the Exclusive Farm Use (EFU) portion of the property. The property is bisected by Coos County Maintained Public Road, Sitkum Lane. The north portion of the property is zoned Forest (F) and the south portion of the property is zoned Exclusive Farm Use (EFU). The applying parcel appears to be using the Forest (F) zoned portion for forest production and the Exclusive Farm Use (EFU) portion for farm use. The surrounding parcels appear to be using their properties for small farm residential and forest production.

E. COMMENTS: This property requires a request for comments from the local tribe, at this time staff has not received comments. No other comment requests were required to be made prior to the issuance of the notice of decision.

E. LAWFULLY CREATED UNIT OF LAND: The unit of land was created pursuant to 6.1.125.1.e by deed or land sales contract, if there were no applicable planning, zoning, or subdivision or partition ordinances or regulations that prohibited the creation. Prior to 1986 properties were allowed to be created by deed or sale agreement and this property was created prior to 1986, *see* Book 159 Page 565.

III. STAFF FINDINGS AND CONCLUSIONS:

a. SUMMARY OF PROPOSAL AND APPLICABLE REVIEW CRITERIA:

Deferred Replacement dwelling criteria in the Exclusive Farm Use Zone pursuant to Coos County Zoning and Land Development (CCZLDO) § 4.6.200.21.b Deferred Replacement of a Lawfully Established Dwelling subject to: § 4.6.200(21. b) Alteration, Restoration, or Replacement of a Lawfully Established Dwelling (Deferred Replacement), Subject to a Conditional Use and Review Standards (8) and (30) and §4.6.210 Development and Siting Criteria.

b. KEY DEFINITIONS:

ACTIVITY: Any action taken either in conjunction with a use or to make a use possible. Activities do not in and of themselves result in a specific use. Several activities such as dredging, piling and fill may be undertaken for a single use such as a port facility. Most activities may take place in conjunction with a variety of uses.

DEVELOP: To bring about growth or availability; to construct or alter a structure, to conduct a mining operation, to make a physical change in the use or appearance of land, to divide land into parcels, or to create or terminate rights to access.

DEVELOPMENT: The act, process or result of developing.

USE: The end to which a land or water area is ultimately employed. A use often involves the placement of structures or facilities for industry, commerce, habitation, or recreation.

ZONING DISTRICT: A zoning designation in this Ordinance text and delineated on the zoning maps, in which requirements for the use of land or buildings and development standards are prescribed.

DWELLING: Any building that contains one or more dwelling units used, intended, or designed to be built, used, rented, leased, let or hired out to be occupied, or that are occupied for living purposes.

- **SECTION 4.6.200 PERMITTED OR USES SUBJECT TO CONDITIONAL USE: THE FOLLOWING USES MAY BE ALLOWED WITH CONDITIONS OF APPROVAL ON EXCLUSIVE FARM USE LANDS SUBJECT TO THE REVIEW IDENTIFIED IN THE USE TABLE FOR EXCLUSIVE FARM USE ARE LISTED AS PART OF THE USE:**

21.b Alteration, Restoration, or Replacement of a Lawfully Established Dwelling (Deferred Replacement).

(8) Replacement Dwelling - Dwelling that no longer meets replacement criteria as described in subsection (8)(a)(A)(i) through (iv) of this section. This determination meets the requirements for a land use decision and shall reviewed as an Administrative Conditional Use (ACU).

- (2) *If the dwelling is currently in such a state of disrepair that the dwelling is unsafe for occupancy or constitutes an attractive nuisance, the dwelling's tax lot does not have a lien for delinquent ad valorem taxes; or*
- (3) *A dwelling not described in subparagraph (A)(i)(1) or (A)(i)(2) of this subsection was assessed as a dwelling for purposes of ad valorem taxation:*

 - (a) *Within one year after the date the replacement dwelling is certified for occupancy pursuant to ORS 455.055; or*
 - (b) *If the dwelling to be replaced is, in the discretion of the county, in such a state of disrepair that the structure is unsafe for occupancy or constitutes an attractive nuisance, on or before a date set by the county that is not less than 90 days after the replacement permit is issued.*
 - (ii) *The replacement dwelling:*
 - (a) *May be sited on any part of the same lot or parcel.*
 - (b) *Must comply with applicable siting standards. However, the standards may not be applied in a manner that prohibits the siting of the replacement dwelling.*

The restriction imposed is irrevocable unless the county planning director, or the director's designee, places a statement of release in the deed records of the county to the effect that the provisions of this section and either ORS 215.283 regarding replacement dwellings have changed to allow the lawful siting of another dwelling.*
 - (iv) *Notwithstanding subsection (B)(ii)(a) of this section, a replacement dwelling:*

 - 2. *May not be transferred, by sale or otherwise, except by the applicant to the spouse or a child of the applicant.*
 - (b) *The replacement dwelling must comply with applicable building codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to siting at the time of construction. However, the standards may not be applied in a manner that prohibits the siting of the replacement dwelling.*

(30)The County governing body or its designate shall require as a condition of approval of a single-family dwelling under 215.283 or 215.284 or otherwise in a farm or forest zone, that the landowner for the dwelling sign and record in the deed records for the county a document binding the landowner, and the landowner's successors in interest, prohibiting them from pursuing a claim for relief or cause of action alleging injury from farming or forest practices for which no action or claim is allowed under 30.936 or 30.937.

FINDING: **The Single-Family Dwelling that was sited in 1920 had fallen into disrepair and had partially collapsed. The dwelling was destroyed in a “learn burn” fire exercise by the Dora-Sitkum Rural Fire Protection District on May 7, 2022. The property owners applied for a Conditional Use for Deferred Replacement on December 19, 2022. The dwelling formerly had intact exterior walls and roof, indoor plumbing consisting of a kitchen sink, toilet and bathing facilities connected to a septic system, interior wiring and a heating system according to the applicant.**

The dwellings tax lot does not have a lien for delinquent taxes and the dwelling destruction by fire occurred on May 7, 2022, which is after the January 1, 1973 date required for approval.

The dwelling will be sited in the vicinity of the destroyed dwelling according to the plot plan, which is within the Exclusive Farm Use (EFU) portion of the property.

This permit does not expire. This approval cannot be transferred by sale or otherwise, except by the applicant (property owners) to the spouse or a child of the applicant. However, once the dwelling is constructed then the permit is considered completed.

This approval has been conditioned to require the property owners sign and record in the deed records for the county a document binding the landowner, and the landowner’s successors in interest prohibiting them from pursuing a claim for relief or cause of action alleging injury from farming or forest practices for which no action or claim is allowed.

• **SECTION 4.6.210 DEVELOPMENT AND SITING CRITERIA:**

Development Standards All dwellings and structures approved shall be sited in accordance with this section.

1. *Minimum Lot Size: The minimum parcel size shall be at least 80 acres. Land divisions involving a house that existed prior to June 1, 1995 see § 4.6.210(5)(a). For land divisions where all resulting parcels are at least 80 acres, a conditional use is not required. However, the applicable standards in Chapter VI must be met. [OR96-06-007PL 9/4/96]*

New lots or parcels for dwellings not in conjunction with farm use may be allowed when the requirements of §4.6.210(3), §4.6.210(4)(a or b) and § 4.6.210(5) are met. In addition, the creation of new parcels for nonfarm uses may be allowed only when such new parcel is the minimum size needed to accommodate the use in a manner consistent with other provisions of the Ordinance.

The size of the parcel will not prohibit development as long as it was lawfully created or otherwise required to be a certain size in order to qualify for a use.

FINDING: There is no new parcels created through this request; therefore, this criterion is not applicable.

1. *Setbacks*

- a. *Road: All buildings or structures with the exception of fences shall be setback a minimum of thirty-five (35) feet from any road right-of-way centerline or five (5) feet from any right-of-way line, whichever is greater.*
- b. *Firebreak: New or replacement dwellings on lots, parcels, or tracts abutting the "Forest" zone shall establish and maintain a firebreak for a distance of at least 30 in all directions. Vegetation within this firebreak may include mowed grasses, low shrubs (less than ground floor window height), and trees that are spaced with more than 15 feet between the crowns and pruned to remove dead and low (less than 8 feet from the ground) branches. Accumulated needles, limbs, and other dead vegetation should be removed from beneath trees.*

FINDING: The submitted plot plan is very detailed and shows all setbacks will be met.

Therefore, this criterion has been addressed.

3. *Structure Height: Farm-related structures are exempt from height limits unless subject to Airport Overlay zone or Urban Growth Boundary requirements.*
4. *Lot Coverage: No requirements.*

FINDING: There is no new parcels created through this request; therefore, this criterion is not applicable.

5. *Fences, Hedges and Walls: No requirement except for vision clearance provisions of §7.1.525 apply.*

FINDING: There is no indication that the applicant is proposing any fences, hedges or walls. As a condition of approval if any of the above is proposed at a later date they shall meet the requirements for the vision clearance in Section 7.1.525.

Therefore, this criterion has been addressed.

6. *Off-street parking and Loading: See Chapter VII.*

FINDING: A Road/ Driveway Access application was received, as a condition of approval the driveway application must be signed off by the Coos County Road Department prior to issuance of a Zoning Compliance Letter for development.

Therefore, this criterion has been addressed.

7. *Minimum Road Frontage/Lot Width unless waived by the Planning Director in consultation with the County Surveyor due to creating an unsafe or irregular configuration:*
 - a. *Within UGB's – 50 feet*
 - b. *Outside UGB's – 20 feet*
8. *Access: Access to new dwellings shall meet road design standards in Chapter VII.*

FINDING: A Road/ Driveway Access application was received, as a condition of approval the driveway application must be signed off by the Coos County Road Department prior to issuance of a Zoning Compliance Letter for development.

Therefore, this criterion has been addressed.

9. *Minimizing Impacts: in order to minimize the impacts of dwellings in agricultural lands, all applicants requesting a nonfarm dwelling shall acknowledge and file in the deed records of Coos County, a Farm Practices Management Easement. The Farm Practices Easement shall be recorded in the deed records of the county prior to any final county approval for a single-family dwelling. [OR96-06-007PL 9/4/96]*

FINDING: This requirement has been made a condition of approval.

10. *Riparian Vegetation Protection within 50 feet of a wetland, stream, lake or river, as identified on the Coastal Shoreland and Fish and Wildlife Habitat Inventory maps shall be maintained except that:*
 - a. *Trees certified as posing an erosion or safety hazard. Property owner is responsible for ensuring compliance with all local, state and federal agencies for the removal of the tree.*
 - b. *Riparian vegetation may be removed to provide direct access for a water-dependent use if it is a listed permitted within the zoning district;*
 - c. *Riparian vegetation may be removed in order to allow establishment of authorized structural shoreline stabilization measures;*
 - d. *Riparian vegetation may be removed to facilitate stream or stream bank clearance projects under a port district, ODFW, BLM, Soil & Water Conservation District, or USFS stream enhancement plan;*
 - e. *Riparian vegetation may be removed in order to site or properly maintain public utilities and road right-of-ways;*
 - f. *Riparian vegetation may be removed in conjunction with existing agricultural operations (e.g., to site or maintain irrigation pumps, to limit encroaching brush, to allow harvesting farm crops customarily grown within riparian corridors, etc.) provided that such vegetation removal does*

not encroach further into the vegetation buffer except as needed to provide an access to the water to site or maintain irrigation pumps; or

- g. The 50-foot riparian vegetation setback shall not apply in any instance where an existing structure was lawfully established and an addition or alteration to said structure is to be sited not closer to the estuarine wetland, stream, lake, or river than the existing structure and said addition or alteration represents not more than 100% of the size of the existing structure's "footprint".*
- h. Riparian removal within the Coastal Shoreland Boundary will require a conditional use. See Special Development Considerations Coastal Shoreland Boundary.*
- i. The 50' measurement shall be taken from the closest point of the ordinary high-water mark to the structure using a right angle from the ordinary high-water mark.*

FINDING: The dwelling will be located at least 50 feet from any identified wetland, stream, lake or river.

Therefore, this criterion has been met.

VI. DECISION:

There is evidence to adequately address the criteria for a Deferred Replacement Dwelling; therefore, this request has been approved. There are conditions that apply to this use that can be found at Exhibit "A".

VII. EXPIRATION AND EXTENSION OF CONDITIONAL USES:

 - 3. An extension of a permit as described in this section is not a land use decision as defined in ORS 197.015.*
 - ii. Additional Extensions-A County may approve no more than five additional one-year extensions of a permit if:*
 - 1. The applicant submits an application requesting the additional extension prior to the expiration of a previous extension;*
