Public Safety Fee Reduction and Public Vote Requirement for Increases

Question 20 words which plainly phrases the chief purpose of the measure.

Shall the Public Safety Fee be reduced from \$30 to no more than \$15, with voter approval for future increases?

Summary 175 words which concisely and impartially summarizes the measure and its major effect.

Amends City Code to state the Public Safety Fee "shall not exceed \$15 per month per occupied unit, nor be increased in any amount, except upon approval by a majority of the electors of the City on a May or November regular election date".

A "yes" vote will limit the city's public safety fee, currently set at \$30 per month, to no more than \$15 per month, and prevent future increases unless approved by voters at a general election. The fee decrease will reduce public safety funding by \$785,000 and result in at least the elimination of police services from 11PM to 7AM, reduction of detective staffing by 50% and elimination of police responses to many civil and criminal occurrences such as non-injury traffic crashes, trespass with no other crime, thefts under \$25 and medical calls.

A "no" vote will leave the existing \$30 per month fee in place with future amounts to be set by city council resolution after budget review and public hearing.
