# Free Household Hazardous Waste Collection Event

### HOW TO BRING YOUR HAZARDOUS PRODUCTS TO THE EVENT

Products should be left in their original container. Label materials not in their original container only if you are sure of the contents.

Please do not mix products together. Dangerous reactions can occur when some materials are mixed.

Make sure containers are properly sealed so they won't leak or spill. If a container is leaking, secure it in a secondary leak-proof container.

Transport in a sturdy box or tub in your trunk or truck bed.

Please do not put items in plastic bags.

Containers larger than 5 gallons are not accepted.

Bring in any of the items listed and we will dispose of them for you in a manner friendly to the environment.

### Hazardous Waste Information :
