**Moisture Content Acknowledgment Form**

**INTRODUCTION**

The Oregon Residential Specialty Code (ORSC) Section R318.2 requires that all moisture-sensitive wood framing members used in construction have a moisture content of not more than 19 percent of the weight of dry wood framing members.

Before the installation of interior finishes, the contractor, builder, or owner must provide written notification to the Building Official that the requirements of this code section have been complied with. This form must be used to provide notification to the Building Official.

This completed and signed form may either be delivered, mailed, or emailed to the address on this form.
