RE: Completeness Review for HBCU-22-001

Dear Applicant(s):

Thank you for providing the additional information. At this time we will schedule your item for the next available public hearing. This does not mean that staff has found that the proposal has met or not met the criteria but for the purpose of review you have met the submittal criteria found in Section 5.0.150. Staff is unsure if there is sufficient information and evidence necessary to demonstrate compliance with the applicable criteria at this time but the missing information from the prior incomplete letter has been supplied. This is a Hearings Body Conditional Use Application in which the Planning Commission is the reviewing authority.

Except when an applicant requests an extension of the timelines, the governing body of the county or its designee shall take final action on an application for a permit or limited land use decision within 120 (urban zone) days or 150 (rural) days as applicable.

If you have questions about the land use process please contact planning staff for assistance.

Thank you,

Jill Rolfe
